

Pause & Reflect Questions to Consider & Discuss

Child Studied	Whole Class
Does the child you've been observing engage in "playful" learning activities? If so, when and where?	When and where do children have opportunities to engage in "playful" learning activities?
When is he/she most self-directed in learning?	When are the children most self-directed in their learning?
In what ways does your room promote intellectual engagement for this child, in terms of excitement, curiosity, and eagerness to learn?	In what ways does your room promote intellectual engagement for all children, in terms of excitement, curiosity, and eagerness to learn?
